**4. PRECISE DEFINITION OF THE SUBJECT OF THE CONTRACT:**

**Bronchial inhalation challenge dosimeter with spirometer** - Bronchial provocation inhalation nebulizer is an electronic and digital medical device that ensures dosed, safe introduction of a non-specific pharmacodynamic substance into the lungs and accurate computer measurement of bronchial reactivity resp. which assesses the function of the respiratory system.

Subject of procurement:

Bronchial inhalation challenge dosimeter with spirometer. Spirometric Station Laboratory for Complete Advanced Spirometric Testing and Standard Tests (Forced Vital Capacity

(FVC) Pre / Post, Slow Vital Capacity (SVC) Pre / Post, Maximum Voluntary Ventilation (MVV), Bronchochallenge - Bronhial Dilator / Constrictor Test.

The system should include: flowmeter, QSPIRO turbine module, airway resistance kit, dosimeter module, nebulizer packages, nebulizer mouthpieces, antibacterial and antiviral filters, articulated articulated arm, software, cables, probe, fuses, and user manual.

**5. ESTIMATED VALUE / PRICE OF THE CONTRACT :**

The subject of the procurement will be financed from the budget of the public procurer and the project budget "Building effectively functioning state administration bodies for the control of occupational medicine services in Serbia and North Macedonia, number: SAMRS / 2021 / ZB / 1/8", implemented through the Slovak Aid program.

All costs and expenses associated with the preparation and submission of the tender shall be borne by the supplier without financial claim against the contracting authority, regardless of the result of the public procurement.

**The offer should include the total price in EUR with and without VAT.**

**6. CRITERIA AND METHOD OF EVALUATION OF TENDERS:**

After receiving the bids, a 5-member selection committee will meet on March 24th, 2022. All tenders will be opened and the members of the commission will evaluate the tenders as follows on the basis of the set criteria:

1. Lowest price in EUR excluding VAT
2. Date of delivery and installation of the device
3. Complaint conditions and spare parts in stock
4. Company references, certificates owned by the company

Minutes will be drawn up. Subsequently, the unsuccessful supplier will be sent a notification of non-acceptance of the tender as well as a notification of acceptance of the price offer to the selected supplier. A Contract for the delivery of goods will be signed with the selected supplier.

**7. DEADLINE FOR SUBMISSION OF TENDER: 10 calendar days**

**8. INSTRUCTIONS FOR COMPILATION:**

**We require that the offer include the following documents:**

- a) Identification data of the supplier (name, address, ID number, telephone and email contact)
- b) Exact specification of the goods
- c) Evidence of compliance with the requirements / conditions for inclusion in the selection:
  - Certificate of incorporation
  - Quality certificate

- Declaration that the supplier is not in bankruptcy, has no outstanding liabilities to the state, tax office, social insurance company, health insurance companies and no enforcement proceedings are pending against him
